Tax-free package

Dubai

As Dubai's premier development company, Nakheel has changed the very texture of the city with landmarks of ingenuity, distinctive residential communities, unique retail offerings and unprecedented investment opportunities. With ground breaking research and thought leadership, Nakheel's focus is on building icons that embody innovation and progress, creating a legacy of value for generations to come.

With more than 1800 employees, Nakheel currently has US\$30 billion worth of major projects under development. Nakheel's portfolio includes the iconic and internationally acclaimed waterfront developments: The Palm Trilogy, The World and Dubai Waterfront. Once complete, Nakheel's developments will add more than 1,000 km of beach front to the Dubai coastline, and all its projects spread across more than 2 billion square ft.

Nakheel's Asset Management arm is now looking to recruit a further experienced legal counsel to work exclusively with its Community Management team in the following areas, whilst also being able to handle general legal issues:

- Land use and compliance
- Licensing (signage/trade licensing/liquor licensing)
- Planning/development assessments/local planning schemes
- Planning approvals to modifications etc.
- Harbour Management
- Security
- Liaising with authorities
- Community events and sponsorship

You will have at least four years' experience in general property law and compliance/planning and ideally some local government exposure. A proactive, robust attitude will be critical as you will be in constant daily interaction with the demanding business. There will be a report line directly in to head of the legal team at Nakheel Asset Management. Speaking Arabic is an advantage, but not a prerequisite.

A move to Nakheel represents a one-off opportunity to further an in-house career in one of the fastest growing economies in the world. The challenge of supporting a vibrant and growing business will be well-rewarded with high quality pan-regional work, an ex-pat package and a collegiate team environment.
